Spencer Industries Celebrates 45 Years of American Manufacturing Excellence

DALE, Indiana — [February 13, 2026] — Spencer Industries Incorporated, a leader in custom plastic thermoforming solutions, proudly celebrates 45 years of manufacturing excellence and service to customers in North and South America, and Europe. Founded in 1981 and headquartered in Dale, Indiana, the company has grown from a regional manufacturer into a vertically integrated plastics manufacturing organization with a national footprint.

Over the past four and a half decades, Spencer Industries has built a reputation for technical expertise, reliability, and continuous improvement. The company specializes in heavy-gauge thermoforming, including vacuum forming, pressure forming, twin-sheet forming, in-house sheet extrusion, CNC trimming, and value-added assembly. These capabilities allow Spencer Industries to deliver high-quality, custom solutions for a wide range of industries, including transportation, agriculture, industrial equipment, refrigeration, medical, and utility vehicles.

“Reaching our 45th anniversary is a remarkable milestone that reflects the enduring resilience of our team members and the strength of our company culture,” said Jarid Hirt, President of Spencer Industries. “Our success has always been driven by our employees; their strong work ethic, creative problem-solving, and unwavering commitment to excellence and customer satisfaction.”

Today, Spencer Industries operates more than 570,000 square feet of manufacturing and engineering space across multiple facilities in Indiana, South Carolina, Iowa, and Ohio. The company maintains an ISO 9001 certified quality system and continues to invest in advanced technology, automation, and workforce development to meet evolving customer needs.

“As we look ahead, our focus remains on sustainable growth, operational excellence, and long-term partnerships,” Hirt added. “We are proud of our accomplishment, but even more excited about where we’re going, continuing to innovate, expand our capabilities, and support American manufacturing for generations to come.”

The 45-year anniversary serves as both a celebration of Spencer Industries’ history and a reaffirmation of its commitment to customers, employees, and the communities in which it operates.

About Spencer Industries Incorporated
